SUBJECT INDEX (Vol. 14, 1991)

Abstracts, 78
  index, 118
Announcement, 160
Assessment of spinal movement, 23
Authors of articles abstracted, 127
Automation and cost recovery in a biomedical communications department, 71

Camera that directly measures physical parameters, a, 155
Cameras, two new macro-stereo, for medical photography with special reference to the eye, 51
Carpopedal spasm: an unusual reaction to fluorescein?, 54
Chair in Medical Art, 140
Communication and the universities, 39
Computers, desk-top publishing using IBM-compatible, 9
Cost recovery, automation and, in a biomedical communications department, 71

Desk-top publishing using IBM-compatible computers, 9

Editorial, 3, 21, 43, 81, 134
Elephant Man, the, 59
Equipment and methods, 14, 158
Eye,
  macrophotography of, a technique for eyelid retraction, 63
  two new macro-stereo cameras for medical photography with special reference to the, 51

Facing visual illiteracy in South African health education: a pilot study, 47
Film recording, introduction to, for computer generated slide production, 67
Forensic art: a Police Artist's experience, 5

Gallery, 2, 20, 22, 34, 42, 56, 66, 70, 80, 145–147

Health education: a pilot study, facing visual illiteracy in South Africa, 47

Illustrations, preparing, for half-tone reproduction, 35
IMI, new Diploma in Medical Illustration: one examination for one profession, 44
Index
  abstracts, 118
  subject and author, 82, 161–162
Introduction to film recorders for computer generated slide production, 67

Letter to the Editor, 55

Macrophotography of the eyes: a technique for eyelid retraction, 63
Medical Art, Chair in, 140
Medical college service for computer-generated graphics with DIY aspects, 141
Medical illustration: one examination for one profession, new IMI Diploma, 44
Medical photography, with special reference to the eye, two new macro-stereo cameras for, 51

Nail growth, visual assessment of, 31
New IMI Diploma in Medical Illustration: one examination for one profession, 44

Obituary, 139

Patient-centred medicine – threat or opportunity?, 148
Patient documentation, a standardized system for, 135
Patients as personalities, 29
Preparing illustrations for half-tone reproduction, 35
Publishing, desk-top, using IBM-compatible computers, 9

Reports, 12, 76
Reviews, 17
Robert Lane Prize 1991, 132

Spinal movement, assessment of, 23
Standardized system for patient documentation, a, 135
Subject and author index, 82

Two new macro-stereo cameras for medical photography with special reference to the eye, 51

Universities, communication and, 39

Visual assessment of nail growth, 31
